Cookie Policy

(Last Updated: March 17, 2025)

What is a Cookie?

Cookies are an integral part of the internet.

Cookies are small text files that are stored and read on your device by a website, when you visit it. They contain information about your activities on the website and enable the website to recognize you and therefore remember you - your shopping cart, your preferences and your actions. The cookie is stored on the user's internet browser, allowing information to persist that would otherwise be lost when leaving a website.

The internet "cookie" was developed from the "magic cookie" of the C programming language, whose name comes from the **fortune cookie** – because similar to a fortune cookie, it contains a small text message.

Types of Cookies

“Essential Cookies” provide essential site functionality that every user needs, which therefore cannot be disabled - this includes besides online shopping, the security, identification and authentication on websites, the system monitoring and optimization, as well as the error monitoring and correction on websites.

“Functional Cookies” provide the user with additional non-essential website functionality.

“Analysis Cookies” enable the analysis of user behavior to optimize systems.

“Marketing Cookies” enable targeted internet advertising and its evaluation.

Why do we use cookies?

We, or more precisely Wix (see below), use cookies and similar technologies for various purposes, such as: i) for security reasons and to protect against fraud as well as to

detect and prevent cyber-attacks; ii) to provide you with the services; iii) to monitor and analyze the performance, operation, and effectiveness of the services and iv) to improve the user experience.

Cookie Overview

Our websites are hosted on Wix for cybersecurity reasons. **Our websites use the essential cookies that Wix stores on users' browsers to ensure the functionality and security of the websites.**

Wix Websites - Cookie List

Google reCAPTCHA

To protect essential site functionality and databases from automated cyber attacks and bots, Wix may employ Google reCAPTCHA to thwart these cyber attacks and **keep the databases and your data safe and secure.**

If the Wix threat analysis responsive security measures warrant the deployment of Google reCAPTCHA for site protection – the "**GRECAPTCHA**" Cookie (**Google RECAPTCHA**) may be set and **a connection to Google servers established.**

In the case of deployment of Google reCAPTCHA to thwart an automated cyber attack, or the suspicion thereof, the GRECAPTCHA Cookie will be employed as **an essential Cookie for security, identification and authentication** – that cannot be disabled by us. (If you want to disable essential cookies, at your own risk (loss of essential website functionality), reference the section “Cookie Control via Your Internet Browser” below.)

Google Maps

For user-friendliness and better display, we use Google Maps, which however since "Maps API v3" **does not set cookies anymore. But since this service establishes a connection to Google servers, consent to all types of cookies in the Cookie Policy is still necessary to use it.**

Your Options

In the cookie banner and cookie settings, you can specify your consent to the use of technical cookies, including the associated technical limitations.

Cookie Control via Your Internet Browser

If you also want to disable essential cookies, at your own risk (loss of essential website functionality), **most internet browsers offer you the option to control cookies**, including deciding whether to accept or remove them. You can set most browsers to notify you when you receive a cookie, or you can choose to block cookies with your browser.

Another option is to use an "incognito" browser window or manually delete cookies in your internet browser after each visit or at regular intervals.

Updates and Interpretation

We may revise this cookie policy at our discretion from time to time; the version published on the website is always up to date (see the "Last Updated" notice). **We ask you to regularly review this cookie policy for changes.**

If there are significant changes, we will post a notice about them on our website. **If you continue to use the services after being notified of changes on our website, this will be considered your confirmation and agreement to the changes in the cookie policy and your consent to be bound by the terms of these changes.**

These cookie policies are written in German; translations into other languages are for convenience and user-friendliness only. In case of discrepancies between the German version and a foreign language translation, the German version shall prevail.

Headings are only for better clarity, convenience, and user-friendliness. Headings do not limit the content and have no legal effect.
